

## Contribution to Climate Protection

26.04.2024

FUNLUS OY

Calculated quantity of 13.4 t CO<sub>2</sub>  
with a value of EUR 362.00

Contribution of EUR 8.00

**This contribution to climate protection is having a real impact!**

Support the reforestation project in Nicaragua, the second-poorest country in the western hemisphere. Small-scale farming families are reforesting unused sections of their land with native species. The programme combines practical nature conservation with the creation of new income sources for local families.
