

## Contribution to Climate Protection

11.06.2025

**FUNLUS OY**

**Calculated quantity of 10.2 t CO<sub>2</sub>  
with a value of EUR 291.00**

**Contribution for climate education of EUR 8.00**

**This contribution to climate protection is having a real impact!**

Support the reforestation project in Nicaragua, the second-poorest country in the western hemisphere. Small-scale farming families are reforesting unused sections of their land with native species. The programme combines practical nature conservation with the creation of new income sources for local families.
